Sleeping functions types

Type A - DELFIN

A trolley that slides out from under the sofa provides an easy and fast unfolding. A thick layer of foam levels the sleeping surface with the seat.

Type B - LEOPARD

The automatic Leopard system provides an easy unfolding, using one hand only. All you have to do is slightly lift up the front of the furniture and then pull it towards yourself to slide out the seat. This system offers the most comfortable and level sleeping surface.

Type C - TROLLEY

Slide the trolley out of the furniture item by pulling it towards yourself and then turn the seat to even out the sleeping area.

Type D - SEDALIFT

The automatically unfolded SEDALIFT section slides out from under the furniture item - first slide the trolley out and then unfold the mattress and a folding foot which supports the structure. This solution is lined with a thicker foam mattress.

Type E - BELGIAN (Belgian frame)

The construction of the Belgian sleeping section resembles a camp bed and it is unfolded in a very similar manner. Due to its thinner mattress, it is intended for an occasional use.

Type G - DL

Remove the back rest cushions and then lay down the back of the furniture.

Type H - C.S.T. (Comfort System Technology)

This type of sleeping solution is unfolded as a traditional sofa.

Explanation of pictograms:

	modular system		movable seat, controlled by electrical sensors		selection of upholstery types (leather or fabric)
	sleeping function type A (DELFIN)		movable backrests		possible combination of at least two colours (leather with leather, leather with fabric or fabric with fabric)
	sleeping function type B (LEOPARD)		movable brackets with Automatic Return System		selection of thread colour
	sleeping function type C (TROLLEY)		movable headrests with adjustable tilt angle which form an integral part of the furniture		decorative wood elements (shelves, countertops)
	sleeping function type D (SEDALIFT)		movable headrests with Automatic Return System		swivel armchair
	sleeping function type E (BELGIAN)		optional removable headrests that can be installed on any backrest		swivel armchair (360°)
	sleeping function type G (DL)		backrest / corner elements with loose cushions		possible selection of armchair base type
	sleeping function type H (C.S.T.)		a bedding container		wooden legs (possible selection of wood colour)
	manually unfolded relaxation function		additional container / compartment		chrome legs
	electrically unfolded relaxation function – the armchair has to be connected with a cable to an electric mains socket		high resilience foam		metal legs
	electrically unfolded function RELAX PLUS - the armchair has to be connected with a cable to an electric mains socket		polyurethane foam		plastic legs
	electrically unfolded relaxation function – the armchair is supplied from a battery – no need to have a mains socket		silicone filling in the backrest and / or headrest		wheels
	electrically unfolded function RELAX PLUS - the armchair is supplied from a battery - no need to have a mains socket		wave springs		platform legs
	required distance from the wall		Bonell springs		
	movable armrests with adjustable tilt angle		liquor cabinet with a box		
	movable armrests with Safe Mechanism system		audio system (optional)		

Relax upholstery do not fulfill a function of sleeping beds, due to the abovementioned the sleeping function in most of the models should be used rather occasionally.

The offer shall not be any offer in accordance with the regulations of the Civil Code. The colors of upholstery can differ from the presented versions on the photographs. The producer reserves the right to make structural amendments in offered upholstery without changing its general character. Exchanges of upholstery are take into consideration with a tolerance of 3%.

View at home

See if this piece of furniture fits into your home

View at Home is a free application designed for Android and iOS phone and tablet users. **It has been made to help you make a decision about buying lounge furniture to a living-room.** Its advantages:

- displaying photos of and information about Gala Collezione furniture in a simple and quick way,
- possibility of designing the sofa easily on your own, comprising elements of particular modular system of Gala Collezione thanks to simple configurator - it also allows selecting the colour of upholstery and viewing 3D visualisation of configured furniture,
- owing to the AR (Augmented Reality) technology, you can check how the piece of furniture selected or configured by you will look like on a scale of 1 to 1 in your house.

What do you gain thanks to the View at Home application?

- **You will make sure how your furniture will look like in your living-room, before you buy it** - whether it will fit into it for sure (because you will see it on a real scale on your mobile device's screen), whether it will match the colour and shape arrangement.
- Owing to the 3D visualisation, **you will see a piece of furniture from every side** - front, top, back, side, unfolded and folded, so if you do not even see the furniture in the store, you will see how it actually looks.
- You will be able to freely change the configuration of the furniture until you select the configuration which fully meets your expectations and fits the dimensions of your living-room. Moreover, **you will be able to „try on“ to your living-room many different pieces of furniture, looking for the one you like best of all.** And all this without leaving home.
- As soon as you finish the furniture configuration process, you will be able to generate a summary, print it and go with it to the selected furniture store to buy the furniture of your dreams.

How to use View at Home?

At www.GalaCollezione.com find the furniture you are interested in, click on the banner „**See if this piece of furniture fits in your home**“ to open the 3D configurator, then follow the instructions on the screen.

Scan the QR code. When using for the first time, you will be forwarded to App Store or Google Play to download the application, and during another use - directly to the application.

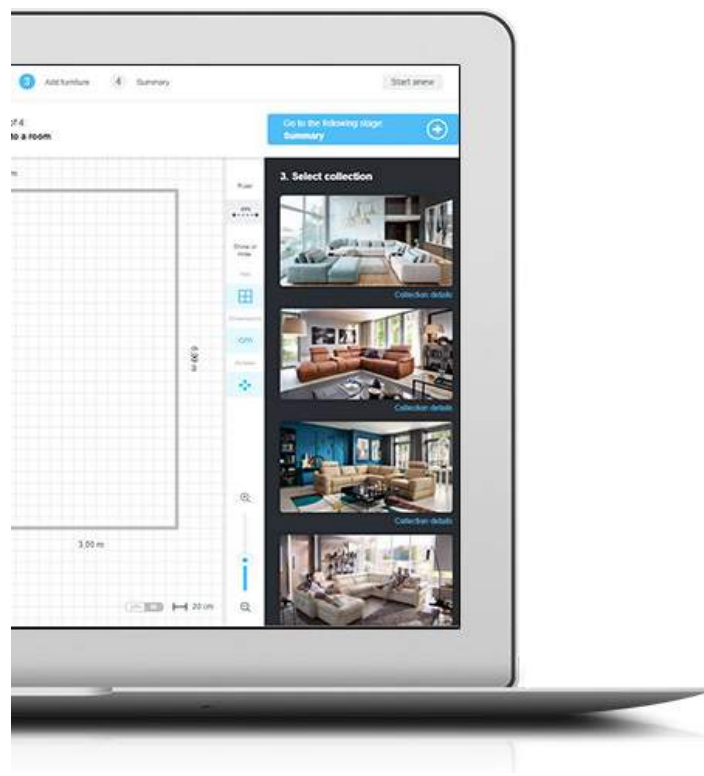

2D creator

www.DesignYourSofa.online

If you want to configure a corner settee or sofa from one of selected modular systems on your own, use the 2D creator of Gala Collezione available at the address: www.DesignYourSofa.online.

A computer with access to the Internet and any web browser are enough. You do not have to know anything about designing or programming. The creator is very friendly and intuitive. **It has been designed to guide you step by step through the process of configuring the furniture.** In each stage, you can benefit from any kind of hints and explanations thanks to which you will precisely know what you should do at a particular moment and what effect you will get.

Designing stages in 2D creator

Step 1 - prepare dimensions of a room where you want to place the sofa

You start designing from drawing the shape of the room and placing obstructions situated in it. The obstructions are elements of equipment such as cabinet furniture, flower pots, potential pillars supporting ceiling, doors, partition walls and other.

Why is it important?

- thanks to this, **you will know whether the designed sofa will fit into the room** and whether it will be possible to maintain free passageway and easy access to windows, balcony, table in the dining part etc.,
- by determining dimensions of the room, you define the scale according to which the furniture will be designed - thanks to this, **the system will choose the size of concrete block on its own so that it will be consistent with the dimensions**

Step 2 - choose the modular system which you like

At any time, you can read the description of a collection selected by you and get to know the functions which you can place in the designed furniture. If you have chosen the modular system, you can start configuring the sofa. From a list of available blocks, you select those you are interested in. The creator will prompt you on a current basis what blocks can be combined with each other to be able to easily benefit from these functions (e.g. unfolding the sleeping function or relaxing function).

Step 3 - print the summary and buy the furniture

After completion of designing, you can print the summary containing the drawing of the configured sofa and specification of selected blocks. Take them with you to the furniture store where you want to buy the furniture. A seller will be able to accept your order at once, and you will focus entirely on selection of the colour and type of upholstery.

Explanation of symbols used in modular systems:

1, 1(50), 1(60), 1(70)	an armchair (the seat width in brackets)	2	2-seater sofa
1BB, 1(50)BB, 1(60)BB, 1(70)BB	1-seater without sides, middle element only (the seat width in brackets)	2F	2-seater sofa with sleeping function
1L/1R, 1(50)L/1(50)R, 1(70)L/1(70)R	an armchair with one side, either left (L) or right (R), (the seat width in brackets)	2S	2-seater sofa with a box for bedclothes
1TV, 1(60)TV	an armchair with a relaxation function, manually foldable (the seat width in brackets)	2L/2R	2-seater sofa with one armrest on the the left (L) or on the right (R) side
1(60)Tve	an armchair with an electric relaxation function (the seat width in brackets)	2SL/2SR	2-seater sofa with a box for bedclothes and one armrest on the the left (L) or on the right (R) side
1(60)TV(aku)	an armchair with an electric relaxation function, battery-supported (the seat width in brackets)	2BB	2-seater sofa without armrests, middle element only
1(70)BBLR	1-seater without sides, middle element only, free-standing; upholstered on both sides (the seat width in brackets)	2FBF	2-seater sofa with sleeping function, without armrests, middle element only
1TVBB, 1(70)TVBB	1-seater without sides, middle element only, with a manually foldable relaxation function (the seat width in brackets)	2SBB	2-seater sofa with a box for bedclothes, without armrests, middle element only
1(70)TVBBe	1-seater without sides, middle element only, with an electrically foldable relaxation function (the seat width in brackets)	2FL/2FR	2-seater sofa with sleeping function and one armrest on the the left (L) or on the right (R) side
1(70)TVBB(aku)	1-seater without sides, middle element only and with an electric relaxation function (the seat width in brackets)	2KECL/2KECR	2-seater with an extended seat and box for bedclothes and wooden shelf, left (L) or right (R)
1TVL/1TVR, 1(70)TVL/1(70)TVR	an armchair with a relaxation function and with one side, either left (L), or right (R), manually foldable (the seat width in brackets)	3	3-seater sofa
1(70)TVL(aku)/1(70)TVR(aku)	an armchair with a relaxation function and with one side, either left (L), or right (R), with an electric relaxation function, battery-supported (the seat width in brackets)	3F	3-seater sofa with sleeping function
1TVb	an armchair with a relaxation function and a rocking function	3BB	3-seater sofa without armrests, middle element only
1TVblok	an armchair with a relaxation function, a rocking function, a lock	2.5FBF, 3FBF, 3QFBF, 2.5QFBF	3-seater sofa with sleepinf function, without armrests, middle element only
1DFL/1DFR, 1DL/1DR, 1D(1)SL/1D(1)SR, 1D(5)SL/1D(5)SR, 1D(10)SL/1D(10)SR	a longchair with a box for bedclothes, left (L) or right (R)	2.5L/2.5R, 3L/3R	3-seater sofa with one armrest on the the left (L) or on the right (R) side
		2.5FL/2.5FR, 3FL/3FR, 2.5QFL / 2.5QFR, 3QFL/3QFR	3-seater sofa with sleeping function and one armrest on the the left (L) or on the right (R) side
		2.5VL/2.5VR	3-seater sofa with a pullout seat, controlled with sensors – required connection to an electric mains socket
		BAR L/BAR R	an external liquor cabinet, either left (L) or right (R)
		BAR PRO L/BAR PRO R	a rectangular liquor cabinet, either left (L) or right (R)

BAR PRO Ś	a rectangular liquor cabinet, middle element only	KECL/KECR	1-seater with an extended seat and box for bedclothes, left (L) or right (R)
BAR PRO Śm	a straight liquor cabinet, middle element only, with a music panel	KEDL/KEDR	1-seater with an extended seat and box for bedclothes, left (L) or right (R)
BAR Ś	a trapezoid liquor cabinet with a box and holes for cups, middle element only	KEL/KER	1-seater with an extended seat and box for bedclothes, left (L) or right (R)
BAR Śm	a trapezoid liquor cabinet with a box, holes for cups and a music panel, middle element only	OTMDIIL/ OTMDIIR	an ottoman with a long seat and a box for bedclothes, either left (L) or right (R), with a full backrest
BAR(2)ŚC	a liquor cabinet with a wooden shelf, middle element only	OTMDL/ OTMDR	an ottoman with a long seat and a box for bedclothes, either left (L) or right (R) + 3 loose cushions
BAR(2)ŚCm	a liquor cabinet with a wooden shelf and a music panel, middle element only	OTMIIL/ OTMIIR	an ottoman with a box for bedclothes, either left (L) or right (R), with a full backrest
BAR(9)ŚC	a liquor cabinet with a wooden top and a pullout drawer, middle element only	OTMIILC/ OTMIIRC	an ottoman with a box for bedclothes and a shelf, either left (L) or right (R), with a full backrest
DOST(70)L/ DOST(70)R,	a left (L)- or right (R)-side extra bed, with a box for bedclothes	OTML/OTMR, OTML(BS)/ OTMR(BS)	an ottoman without a box for bedclothes, either left (L) or right (R)
DOST(70)SL/ DOST(70)SR	an extra seat without backrest / pouf with a box for bedclothes, left (L) or right (R)	OTMLC/ OTMRC	an ottoman with a box for bedclothes and a shelf, either left (L) or right (R) + 3 loose cushions
DOST(70)SŚ	an extra seat without backrest / pouf with a box for bedclothes, middle element only	OTMSL/ OTMSR	an ottoman with a box for bedclothes, either left (L) or right (R)
E, ES	a corner element	TBS(70)	a stool with a box
E II	a corner element with a corner element with standard back cushions	ZAG	a headrest
OTM(13)L/ OTM(13)R	an asymmetrical corner element, as a closure of the system from the left (L) or the right (R) side	PILLOW PODU, PILLOW PODU DUŽA, PILLOW PODNE	different types of loose cushions
EDŚ	an asymmetrical, middle corner element	STOLIK	a table
EN(2)	a corner element with adjustable headrests	Additional explanations:	
EN(6)XL	a corner element XL with 6 loose cushions	TVe	an electrically foldable relaxation function – necessary cable connection to a mains socket
ESm	a corner element with a music panel	TV(aku)	an electrically foldable relaxation function, battery-supplied – no need of cable connection with a mains socket
SSE	a corner element with fixed headrests		
SSEII	a corner element with movable headrests		
KE70(2)L/ KE70(2)R, KE(70)SL/ KE(70)SR	a 1-seater with an extended seat with a box for bedclothes, either left (L) or right (R)	* The eventual size of sleeping area depends on the type of the body which you will add to the body with the sleeping function
